- Summer Pool Program/ Saturday Swim

Inaugural Summer Field Day's

At Hawthorne, we pride ourselves on providing opportunities for student enjoyment and events that create lifetime memories. Each Friday of summer's session there is a themed field day. Field Themes include: Back to School, Ocean Week, Circus Week, Zoo Week, Dessert Week, Olympic, Sports Week.

Pool Program/ Saturday Swim

Swim Instructor Rick Diaz and his team join the Hawthorne Foundation, Inc every summer and provide swimming lessons to our students. The pool program is an expansion of the Physical Education Program. To have a pool on our Westchester Camus and provide pool time to our students separates us from other schools. During the summer, students swim Monday through Friday (weather pending). In addition to our weekly swim, we also provide pool time through lessons and free-swim on Saturdays. The swim lessons occur on Saturday from 11:00am-12:30pm, and free swim occur from 1:00-3:00pm. To take advantage of our pool and resister for our Saturday swim program, don't hesitate to get in touch with Sheahara Jansz via email at sjansz@hfadm.org immediately to reserve your spot.

We look forward to seeing you at the pool!
